

Colorado Cross-Connection Control Manual

The **2006 5th Edition** is available in a 3-ring binder format.

This updated educational and technical manual will be the basis for questions used in the technician and recertification exams. Water purveyors and Cross-Connection Control Technicians will find detailed information on operation, testing, troubleshooting and repair of backflow prevention assemblies in this Manual.

To order by phone, call Alan Platt at **303-651-8467**
